

Handyman Quote Readiness Planner

Quote the job, check the floor, and know whether to send or clarify before you reply.

Step 1	
Open Assumptions and confirm your hourly rate, minimum job floor, deposit policy, and standard timing	

Step 2	
Go to Scope Inputs and complete the readiness checks before touching the line items.	

Step 3	
Enter task rows with hours, material cost, and travel yes/no. Yellow cells are yours.	

Step 4	
Read Quote Summary. Send only when the state says send_ready. Otherwise follow the next-step guide	

Color key	
Yellow	Buyer input cells
Blue	Generated outputs
White	Reference or helper text
